Human capital flight refers to the emigration of individuals who have received advanced training at home. The net benefits of human capital flight for the receiving country are sometimes referred to as a "brain gain" whereas the net costs for the sending country are sometimes referred to as a "brain drain". In occupations that experience a surplus of graduates, immigration of foreign-trained ...

Human capital flight - Wikipedia

Promoting Social and Emotional Competence: These modules were designed based on input gathered during focus groups with program administrators, T/TA providers, early educators, and family members about the types and content of training that would be most useful in addressing the social-emotional needs of young children.
