Discover how IBM's breakthrough technologies are transforming industries with smarter ways to do business, new growth opportunities and strategies to compete and win.

Industry Solutions | IBM

Dashboards often provide at-a-glance views of key performance indicators (KPIs) relevant to a particular objective or business process. In the other, "dashboard" has another name for "progress report" or "report." The "dashboard" is often displayed on a web page which is linked to a database that allows the report to be constantly updated.

Dashboard (business) - Wikipedia
