There is no formal process for creating the Personal macro workbook; when you record a macro and indicate that you want to store it in the Personal macro workbook, you are either creating it or adding a macro to it. After it's been created, it is always opened every time you open Excel. Macros stored here are always available.

This is a list of file formats used by computers, organized by type. Filename extensions are usually noted in parentheses if they differ from the file format name or abbreviation. Many operating systems do not limit filenames to one extension shorter than 4 characters, as was common with some operating systems that supported the File Allocation Table (FAT) file system.
