With each passing year, technology becomes a more critical part of students'™ educational programs. This is especially true for children who struggle with handwriting. Keyboarding is often suggested as an alternative or supplement to pen-and-paper writing for children with disabilities. But what if ...

Hi, Thanks so much for this. Itâ€™s great! Just one thing, the print order is not the same as shown in your pictures- instead of the ring on the left and the honeymoon car on the right, the PDF has the pages in order as they would be in the book, so the page with the ring on the left has the cake on the right, which does not work for printing.

A teleprinter (teletypewriter, Teletype or TTY) is an electromechanical typewriter that can be used to send and receive typed messages through various communications channels, in both point-to-point and point-to-multipoint configurations. The machines were adapted to provide a user interface to early mainframe computers and minicomputers, sending typed data to the computer and printing the ...
